

Undergraduate College Volunteer Program

Guidelines

This program is geared for undergraduate college students who are able to make an initial minimum commitment of at least two semesters/time periods (including summer).

Time Commitment

- Once a week, same time each week
- Two to three hours per shift
- Minimum commitment of at least two consecutive semesters (including summer)

How to Become a Volunteer

We have a multi-step process:

1. Review our volunteer onboarding timeline on our webpage to see when the application will next be available.
2. View the "Monroe Carell Volunteer Opportunities" PDF on our web page, to learn what types of opportunities we offer for volunteers.
3. Complete an online volunteer application form during open application period.
4. Attend a volunteer **interview session**.
This does not guarantee placement.
5. Complete **required steps** for new volunteers, including immunizations, background check, and online training modules.
6. Attend a mandatory **volunteer orientation**
This meeting provides specific volunteer guidelines (infection control, required immunizations, fire safety, personal boundaries, etc.), expectations, and other information you need to be a VUMC volunteer.
7. Complete **training**.
This will include unit specific training as well as volunteer guidelines (infection control, personal boundaries, etc.), expectations, and other information you need to be a VUMC volunteer.
For some placements, this is scheduled on your first day of volunteering.
8. Receive your **start date & begin volunteering once all compliance is complete!**
